Gentlemen:

This is in reply to your request dated 13 June 1962 for the subscription rate for the Consolidated Translation Survey (CTS) and the Scientific Information Report (SIR).

The SIR was distributed by the U.S. Department of Commerce, Office of Technical Services (OTS), Washington 25, D.C. but has been discontinued. The information however is available in other publications distributed by them.

The CTS is not for sale and the translations listed therein are not generally available to the public direct from the producing government agencies. However many of the translations in the scientific and technical field referred to in the CTS are in fact passed to OTS and hence available to the public indirectly.

The OTS publishes "Technical Translations" a bi-monthly listing of translated technical literature available from OTS, the Library of Congress, the Special Libraries Association, cooperating foreign governments, commercial translators and publishers, universities and other sources. Possibly this publication will satisfy your requirement.

Sincerely,

Paul A. Borel  
Assistant Director
